

BICYCLE TESTIMONIES

TESTIMONY #1

Raju B.K.

Raju is 20 years old. His parents were killed due to moist before he was 13 years old. He is staying with his uncle. He had came to Christ when he was 13 only. When he was 9 years old, his drunkard uncle had left him and his younger brother with ABC Church. Pastor Raj took them both in and helped them get through school. After he went back to his uncle's house where he is staying now. His uncle wants him to do labor work at India and help his family, but he has decided to follow Jesus and serve him through his life. He is one of our student pastors of discipleship training. He received a bicycle with the help of BWC offering and he is more encouraged to see more souls come into the Kingdom.

TESTIMONY #2

Padam Tarnatta

Padam is 21 years old. He has five brothers, but his the only believer in his family. His other family members don't allow him to pray and read his Bible at his home. Every day they tell him to come back to Hinduism and leave Christ. ABC Church is praying every day for his family who are persecuting him. He is a very good student of the Bible and he teaches others. He is praying to win more souls and establish a church up on the mountain. He, too, has received a bicycle. He is in the midst of persecution and unloved people and is very grateful for the love that has been shown to him.

These are only two testimonies of two of the 20 student pastors that are being discipled with Pastor Raj and BWC.

"God is preparing powerful students through our Bible Study classes and I see God is going to shake this area up and down. Thank you for showing love for them. They can understand God loves and cares for them. Although they are unloved by their family and relatives, God has kept them. He sent good people who can stand with them for their decision to serve the Lord and win souls." Pastor Raj.
