

## **NEW PROJECT - EKTA CIVIR COMMUNITY - OCTOBER 2016**

From Raj and Urmila,

We want to provide some way to get them water in clean way and take adult classes. Many men and women are uneducated here so we are going to teach 20 people regularly to read and write from Bible stories and will provide some reading and writing materials.

Souls are precious. Not our perishable gold and silvers can buy them but only blameless Blood of Lamb. God has opened hearts of these people. They are totally positive to us. God can turn this community to Him. Let they come know His Grace and turn from idols.

Please pray continually for this EKTA civir community..
